

HMO
MEDICAL PRIOR AUTHORIZATION LIST

Below is a list of common procedures that require Prior Authorization. Your participating provider is aware of this list and will take care of obtaining Prior Authorization for you. If you wish to verify that Unity has approved the request for Prior Authorization before you receive the service, please contact Unity Customer Service at 1-800-362-3310. Contact Medical Management at 1-888-829-5687 with questions or you can fax prior authorization requests to 1-608-821-4207. ***If you use a non-participating provider, you are responsible for obtaining any required Prior Authorization.***

Orencia	Remicade	Synagis	Xolair	Rituxan	Tysabri
Amevive					

Prior Authorization is the process by which Unity's Medical Management staff provides a written statement that the requested service or supply is medically necessary and appropriate. Prior Authorization may list the specific service or supply that is authorized, the number of visits that are authorized, and the name of the provider or supplier. However, Prior Authorization does not guarantee that the service will be covered. Coverage is determined by the terms of your benefit plan. If you have questions regarding coverage, please call Unity at 1-800-362-3310.
